Subject: RE: Time sheets with Phases and Codes

Robert,

AS requested I totaled up the additional hours that were not previously flagged additional services

- Contractor Recommendations: 29
- Contractor change:5
- Thermal and energy analysis: 18
- Client book/presentation/ redesign: 31.5

Subject: RE: Time sheets with Phases and Codes

Robert,

Attached is my mark up of the timesheets, this time on the pages that include the job code.

As I had said, the SDC transition, Landscape coordination, VE exercise, Contractor (BWP) recommendation and Phasing codes have largely been utilized to log in my relevant hours. There are a few hours that preceded those codes and so I've marked them up, but they are negligible.

For client communications, as I said before, I flagged all phone calls since October 2018 and all work performed towards Decorator's/ Art Dealer's booklets. I am intentionally not highlighting the in-office meetings, thinking that these would most likely be warranted within a normal running job. All these hours added up amount to 406.5 hours.

Best,

Christina

Here's your timesheets back 18 months with the job Phase and Code so you can tell if a task was entered as an add service.
